Thos. D. Jones,
Fancy Leaf Tobacco.

Durham, N. C., ~~Sept~~ 18 96

Dr. Dillaway

I have got here wednesday evening 3 hours late, after the hardest R.R. trip I ever took - trains delayed or miss connection 1 & 2 hours & then I would have to take the best seat I could get in the depots - they are hard & rough & I was pretty well fagged out

I missed the Dr I came to see - he is here every thursday in each week during aug. - I once went down yesterday morning & found about 25 patients ahead of her - the waiter thought & made an engagement for the Dr to come to my room at his convenience some time during the day. So I waited for him all day till 9 at night - getting more nervous each the time - as this and

we found out he was
left the city & we telegraphed
him our disappointment & he
replied that he was unable
to find us yesterday
because the direction
he took from Kansas led
him to a stable on 32 St.
to day Lessie comes as
our guest for what is
said to be the best long
& Liver Dr. in the city
except Dr Loomis who is
out of town. Of course I did
not agree to take him till I
was satisfied about him — he
came & I like him so far
very much. — he wants me to stay
here a week under his medicine &
he can then tell more about

Thos. H. Jones,
Fancy Leaf Tobacco.

Durham, N. C., ... 18.....

My Case Where to go, what to do?

I have at a nice private house at 108 Broadway. Of course I have not seen the Doctor yet but hope to be able to ride home soon.

Mattie says please tell Wesley to get his Wife + Car 1 Bu. of those peans + more of them if they are suitable

This Dr. says I have lung disease + will have to be treated through my lungs for all the other ailments which all sounds funny to me but I'll wait + see

Your Thos H Jones
