Dear Sir:-

Your kind favor of yesterday just-reid and contents carefully noted. In reply I should say, I do not know of any one wishing to buy any real estate just now. I enclose you the two Contracts of Graded School building, with the remarks written on back of each and signed by Wm. Guthrie Chairman of Committee. Sorry you did not come down to the Convention. We had a grand time, notwithstanding the inclement weather. You will please sign one of these Contracts and return to me for Guthrie. The land sale seems to be hanging up for the present - Will find out more after while.

Yours Truly
Robt. L. Rogers
